

PRECISION LEVELS

SERIES 258:

Includes fitted wooden case.

The main level is graduated to 10 second accuracy (1 division equals .0005" per 10").

Body of level is made of cast iron and base is hand scraped for extreme accuracy. Base is "V" shaped for checking round work. Plastic grips on frame insulate instrument from heat of hand.

Model No.	Length	Ordering No.	Price
PL8	8"	1740008	
PL12	12	1740012	

LEVELS
SERIES 789:

SMALL BENCH LEVEL

STARRETT SERIES 130:

3-3/8"/85mm long with sensitive and accurate single vial. Sturdy body made of seasoned cast iron with black wrinkle finish and nickel plated ends. Accurately machined base leveling surface.

Size	Catalog No.	EDP No.	Price
3-3/8"/85mm	130	50560	

MASTER PRECISION LEVEL

STARRETT SERIES 199:

For critical machinery set-ups of all types. Ground and graduated main vial of 10-second accuracy – one division equals .0005" per foot. Auxiliary level vial shows lateral position as guide to horizontal setting. Insulated from handling by non-conductive top plate. Level vials positioned to reduce breakage. Made of seasoned cast iron. Base carefully machined and scraped. Black wrinkled finish on non-working surfaces. Furnished in wood case.

Length Base	Width Base	Height Level	Catalog No.	EDP No.	Price
15"/380mm	1-5/8"/40mm	3"/75mm	199Z	50719	

MECHANICS' IMPROVED LEVELS

STARRETT SERIES 98:

Levels have ground and graduated main vials. All levels have cross test vial, except 4" size. 12" size has in addition a plumb vial, and 18" size a double plumb vial. Plumb vials on 12" and 18" levels are ground. Main vials are adjustable for positive setting and housed in a satin-chromed brass tube with friction fit closing cover to prevent breakage. Level base are of the finest seasoned castings with black wrinkle finish, accurately machined and finished on bearing surface. An involute longitudinal groove between bearing flats provides accurate seating on round work.

* Supplied in fitted case.

CROSS TEST LEVEL

STARRETT SERIES 136:

Has two vials at right angles for leveling in both directions without moving level from work. Compact, measuring 2-3/4" x 2-3/4" and weighs only 4 ounces. Attractive black wrinkle finish and a ground reference surface.

Catalog No.	EDP No.	Size	Description	Price
136	50572	2-3/4" x 2-3/4"	With cross test vials	

BENCH LEVELS

STARRETT SERIES 132:

All have main vial and double plumb vial with two graduated lines. Made of seasoned cast iron with black wrinkle finish, accurately machined on leveling surfaces. Bottom of base has involute groove for accurately seating level on cylindrical work. Flat lands and groove in the bottom of the base are machined at one setting, thereby assuring complete accuracy.

24"-600mm	132-24	50566	

CROSS TEST LEVEL AND PLUMB

STARRETT SERIES 134:

For approximate squaring, leveling, machine set up. Has two vials at right angles for cross test leveling without moving tool and a plumb level at the top for checking squareness. Reliable and compact, weighs 3 ounces.

Size	Catalog No.	EDP No.	Price
2" x 3" x 1/2"/ 50 x 75mm	134	50569	

POCKET LEVELS

STARRETT SERIES 135:

Handy level, satin nickel plated finish. Available in 2-1/2" and 3-1/2" sizes made from hexagonal stock 3/8" and 1/2" wide respectively. Made with convex ends.

Description	Size	Catalog No.	EDP No.	Price
With main vial	2-1/2"	135A	50570	
With main vial	3-1/2"	135B	50571	

MASTER PRO™ MAHOGANY/ALUMINUM LEVELS MP SERIES

These levels are top of the line for Starrett-Exact products. Often prized by craftsmen, they are not only accurate and sturdy, but attractive and easy to handle.

Limited Quantities

- Mahogany construction, reinforced with an aluminum I-beam frame and working edge.
- Tough, yellow Pyrex vials with large bubbles and ceramic fired lines for fast, dependable reading.
- Clear glass windows protect vials from dirt and damage.
- Shock-absorbing end caps protect working edges and preserve accuracy.
- Holes for convenient hanging.

Size In.	Size Metric	Description	Catalog No.	Order No.	Price
24"	60 cm	6 Vials (4 Plumb, 2 Level)	MP-24	36004

MASTER PRO HEAVY-DUTY DIE-CAST ALUMINUM MECHANICS' LEVELS ML Series

- Six function mechanics' level will level, plumb, check 45°, check pitch set pitch, and measure length.
- Extremely stable, die-cast construction.
- Graduated top-sight level vial indicates pitch (1/8" per foot)
- Working edges ground for accuracy.
- Clear glass windows protect vials from dirt and damage.
- Permanently marked rule affixed to top reads left to right (1/16") on one side and centering rule (1/8") on other.
- Locking pitch/grade-screw adjustment.
- Tough, yellow Pyrex vials with large bubbles and ceramic fired lines for fast dependable reading.

ALUMINUM TORPEDO LEVELS WITH GROOVED OR MAGNETIC BASE

A-9 / M-9

These levels have a cast aluminum frame with working surfaces that are ground for accuracy. The A-9 has a V-grooved base for plumbing and tubular work. The M-9 has a strong magnet set in the base to hold the level securely to iron and steel surfaces.

Base	Description	Catalog No.	Order No.	Price
V-Grooved	3 Vials (1 Plumb, 1 Level, and 45°)	A-9	36069	
Magnetic	Side and Top Reading	M-9	36070	

ALUMINUM TORPEDO LEVEL WITH MAGNETIC BASE AND GROOVED TOP SURFACE™

AM-9

This level has a cast aluminum frame with working surfaces that are lapped for accuracy. A strong magnetic base holds the level securely to iron and steel surfaces. The V-grooved top working surface is ideal for plumbing and tubular work.

Description	Catalog No.	Order No.	Price
3 Vials (1 Plumb, 1 Level, 1 45°)	AM-9	36071	
Side and Top Reading			

COLORED TORPEDO LEVEL W/MAGNETIC BASE AND GROOVED TOP EDGE

PLM Series

Levels feature a precision molded, high impact styrene frame and are available in three colors. Levels with magnetic base hold securely to ferrous surfaces and a V-grooved top edge for plumbing and tubular work.

Color	Description	Catalog No.	Order No.	Price
Black	3 Vials	PLM-9*	36074	
Orange	(1 Plumb, 1 Level, 1 45°)	PLMO-9	64409
